Title Email or Envelope: “KRESA Quote – (insert company name)”

Quotes from equipment suppliers are requested to outfit the new Career Connect Center. This new facility will provide advanced manufacturing, agricultural, automotive, construction trades, culinary, industrial design, information technology, health sciences, mechatronics, supply chain logistics, veterinary instruction, and technical education for Kalamazoo Country residents.
Furniture has been procured.

Quotes must be populated on the forms provided and either match the products specified or must be accompanied by enough information to substantiate the substitute product is at a minimum equivalent to the basis-of-design product. KRESA reserves the right to make all final contract decisions and reject part or all of any proposal.

KRESA will provide evidence of tax-exemption to applicable parties requesting such after Contract award. Supplier/contractors are responsible for any applicable Sales and/or Use Tax per the Michigan Department of Treasury that do not apply to this exemption.

Awarded supplier shall begin Work upon receipt of the Notice to Proceed and shall complete the Work within the Contract Time. Equipment and delivery dates are subject to change and will be

coordinated by the Owner with the awarded supplier. Supplier is responsible for delivering product and unloading at the project location with one's own tools/apparatus, moving to its final location within the building, unwrapping and disposing of packing materials and training Owner on product operation and maintenance. Supplier must be properly licensed under the laws governing their respective Work and provide insurance.

Because the project is currently under construction any site visits or installation prior to Certificate of Occupancy issuance by the Authorities Having Jurisdiction, supplier must adhere to all site safety requirements of MIOSHA and the onsite Construction Manager, including attending a brief jobsite safety orientation and supplying and wearing appropriate personal protection equipment. All applicable laws, ordinances, and the rules and regulations of all Authorities having jurisdiction over construction of the project shall apply to the project.
