- A. Supplier: \_\_\_\_\_.
- B. Project Name: **Career Connect Campus – Equipment Procurement**
- C. Project Location: **3500 Vanrick Drive, Kalamazoo, MI 49001**
- D. Owner: **Kalamazoo Regional Educational Service Agency**
- E. Architect: **Wightman & Associates, Inc.**
- F. Architect Project Number: **214175**

1.2 SUMMARY

- A. Kalamazoo Regional Educational Service Agency is requesting quotes for procuring equipment for the new Career Connect Campus that is presently under construction with a Substantial Completion Date of March 28, 2025, grand opening in May 2025, and classes to commence in August 2025. Those providing quotes are to complete and provide the forms at the end of this document as the cover page to their quote. Quote is to include all product cutsheets whether supplying the basis-of-design or an alternate product.

Quotes are to be valid for sixty days.

1.3 CERTIFICATIONS AND QUOTE

- A. The undersigned having carefully examined the Procurement and Contracting Requirements, Drawings, Specifications, and all subsequent Addenda, as prepared by Wightman & Associates, Inc. and Architect's consultants, and being familiar with all conditions and requirements of the Work, hereby agrees to furnish all material, labor, equipment, and services, necessary to furnish and install the equipment listed on the Bid Breakdown and Unit Price Form for above-named Project, according to the requirements for the stipulated sum that follows.
- B. By checking the box next to each pathway area, the contractor acknowledges a quote is provided for some or all of the pathway equipment, and specific equipment included in the contractor's quote is itemized on the Unit Price Schedule. The Supplier need not quote all equipment listed per pathway for the quote to be considered complete.
- C. For a supplier to be considered, they may provide quotes for one or more than one pathway but does not require the Owner to enter into a contract with the supplier for all quoted equipment or pathways.

- D. Supplier must attach detailed product data sheets and information for each item bid and side-by-side comparison if item differs from basis-of-design, including but not limited to:
1. Manufacturer's warranty
  2. Accessory options
  3. Product features compared to basis of design product
  4. Available finish selections
  5. Equipment overall dimensions, clearances required, and weight
  6. Utility requirements
